CF15

CASCADE CHOCOLATE FOUNTAIN

The NEW Cascade Chocolate Fountain is a great addition to any caterer and restaurant to stand out from the crowd. This Cascade Fountain has an option to change to a standard 2 tier system, giving you two fountains for the price of one, allowing you to adapt to any occasion.

Each of the 3 tiers on the cascade has 4 cups which pour the chocolate smoothly into the next tier and then into the bowl. This gives the Chocolate Fountain a more eye catching design and is more cost effective as it uses less chocolate to run.

Chocolate Fountains are perfect to make your business or events stand out above the rest and attract customers.

Brought to you by JM Posner, the Chocolate Fountain specialist worldwide.

KEY FEATURES

- High Quality Chocolate Fountain
- Made in the UK
- Polished Finish
- Collapsible Top Section which is Dishwasher Friendly
